Music Therapy

Music therapy is the use of interactive music making to achieve non-musical goals. Play Your Part offers individual music therapy services to assist with cognitive abilities, social/communication skills, motor skills, behavior, and musical aptitude.

Music Lessons

Play Your Part offers private music lessons in the areas of piano, guitar, ukulele, flute, and music theory. Studies show that learning an instrument benefits students' skills in math, reading, memory, and more! Play Your Part is committed to tailoring a musical experience and education for all types of learners.

Let's Play Music Classes

Let's Play Music is a group music theory course that emphasizes total musicianship through piano playing, singing, classical music, note reading and ear training...and it's all accomplished through PLAY! Check out our website for more information.
